Item 4 Advisory Business

- A. Ramsey & Associates, Inc. (the “Registrant”) is a corporation formed on December 22, 1995 in the State of Washington. The Registrant became registered as an Investment Adviser Firm in 1995. The Registrant is owned by Karen S. Ramsey. Ms. Ramsey is the Registrant’s President.

- B. As discussed below, the Registrant offers to its clients (individuals) combined investment advisory services and financial planning and related consulting services and internet-based investment advisory services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide combined non-discretionary investment advisory services and financial planning and related consulting services on a *fee-only* basis. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management (between 0.40% and 1.00%) as follows:

<u>ASSETS UNDER MANAGEMENT</u>	<u>ANNUAL FEE</u>
Initial \$1 Million	1.00%
\$1,000,001 to \$5,000,000	0.50%
\$5,000,001 and over	0.40%

*The scope of the ongoing annual financial planning and/or related consultation services to be rendered by Registrant is intended to generally be limited to reviewing/evaluating/revising Registrant’s previous recommendations and/or services relative to a change in the client’s financial situation and/or investment objectives. In the unlikely event that a client requires extraordinary financial planning and/or consultation services, Registrant may increase the fee during the remainder of the year, the dollar amount of which increase shall be determined by Registrant, and set forth in a separate written notice from Registrant to the client. Registrant’s fee schedule (i.e. percentages [%]) is subject to review and change on an annual basis. However, no increase in the fee schedule shall be effective without prior written notification to the client.

INTERNET INVESTMENT PROGRAM

Registrant has developed an internet-based investment program (the “Program”). Prior to becoming a Program client, the client will be required to complete and/or execute certain documentation, including a Program agreement setting forth the contractual terms and conditions of the engagement and a *Risk Tolerance Questionnaire*. Upon review of the *Risk Tolerance Questionnaire* and if desired by the client, an initial telephone consultation will take place between Registrant and the client. Registrant shall then allocate the investment assets into a model portfolio (the “Portfolio”) as determined by the *Risk Tolerance Questionnaire* and the initial telephone conversation. The client shall also direct Registrant to allocate the investment assets within the Portfolio in underlying investments that are characterized by Registrant as Active, Socially Responsible or Passive investment style. Thereafter, Registrant is authorized, without prior consultation

with the client, to rebalance the assets within the Portfolio on an annual basis to maintain the designated asset allocation. Additionally, at Registrant's discretion, Registrant may also make tactical adjustments or partial rebalances to the portfolio at any time. The underlying mutual funds and/or exchange traded funds (ETFs) that comprise a Portfolio are subject to change at the exclusive discretion of Registrant. However, Registrant shall continue to manage the assets within the initial designated Portfolio until such time as the client has notified Registrant, in writing (electronic mail will suffice), that there has been a change in his/her financial situation and/or investment objectives, and has submitted a new *Risk Tolerance Questionnaire* for review by Registrant. Unless the client prior notifies Registrant about a change in his/her financial situation and/or investment objectives, the extent of Registrant's interaction with the client shall be limited to up to three initial telephone consultations and, thereafter, an optional twelve (12) month annual review telephone conference to review account performance and investment objectives. It remains the client's exclusive responsibility to notify Registrant of any changes in his/her investment objectives and/or financial situation. Registrant shall not be required to verify any information obtained from client and is expressly authorized to rely thereon.

All information and documentation pertaining to the Program, including Portfolio descriptions, *Risk Tolerance Questionnaire*, Registrant's written disclosure statement and Privacy Notice, and account reports prepared by Registrant shall be exclusively described and included on the internet web site and all other communications (except for the 12 month annual telephonic review discussed above, termination, and notice of death or disability) between Registrant and the client shall be made primarily electronically via the website and/or email. The service to be provided by Registrant is limited to the management of the assets under the Program and does not include financial planning, tax planning, insurance planning, estate planning, or any other related or unrelated consulting services.

Registrant annual advisory fee for the Program shall be as follows:

<u>Assets Under Management</u>	<u>Annual fee (Active)</u>	<u>Annual fee (Passive)</u>
Less than \$100,000	\$1,000	\$800
Up to \$500,000	1.00%	0.80%
Next \$500,000	0.50%	0.35%
Over \$1,000,000	0.40%	0.25%

MISCELLANEOUS

Independent Managers. Registrant may also recommend that certain clients authorize the active discretionary management of all or a portion of their assets among certain independent investment manager[s] (the "*Independent Manager[s]*") to be recommended by Registrant, based upon the stated investment objectives of the client, in accordance with the terms and conditions of the investment management program sponsored by Envestnet Asset Management ("*Envestnet*") and such other investment management programs as Registrant determines may be appropriate for its clients. The terms and conditions (including the amount of fees to be paid to the *Independent Manager[s]*) under which the client shall engage the *Independent Manager[s]* shall be set forth in a separate written agreement between the client and *Envestnet*. Registrant shall continue to render advisory services to the client relative to ongoing financial planning and the monitoring and review of the *Independent Manager[s]* performance, for which Registrant shall receive an annual advisory fee, to be determined and billed quarterly by *Envestnet*, in arrears, based upon a percentage of the market value of the assets on the last business day of the preceding quarter, as follows:

<u>ASSETS UNDER MANAGEMENT</u>	<u>ANNUAL FEE</u>
Initial \$1 Million	1.00%
\$1,000,001 to \$5,000,000	0.50%
\$5,000,001 and over	0.40%

Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant *may* provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither the Registrant, nor any of its representatives, serves as an attorney, accountant, or licensed insurance agent, and no portion of the Registrant's services should be construed as same. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Annual Financial Planning Review Services. To the extent specifically requested by the client, and agreed to by Registrant, Registrant *may* continue to provide annual financial planning review services on an hourly fee basis.

National Advisors Holdings, Inc. Registrant's Principal, Karen S. Ramsey, is a shareholder of National Advisors Holdings, Inc. ("NAH"), a Delaware corporation. Ms. Ramsey holds a minority interest, in the aggregate, of the outstanding stock of NAH. NAH has formed a federal trust company known as National Advisors Trust Company ("NATC"). NATC provides trust services to clients of investment advisory firms such as Registrant.

Other Business Interests. Registrant's Principal, Karen S. Ramsey, is the sole owner and member of Ramsey Seminars LLC, a limited liability company that provides non-investment related seminars to the general public.

Ms. Ramsey is a fifty percent (50%) member of R-S, LLC. R-S, LLC, is a real estate holding entity, whose sole asset is Registrant's office space. No clients of Registrant are solicited to invest in this entity.

Discretionary Authority. Registrant, pursuant to the terms of an *Investment Advisory Agreement*, may be granted discretionary authority (i.e., ability to effect account transactions without prior consultation or authorization from the client) limited to investment grade fixed income securities (i.e., certificates of deposit, U.S. Treasury and agency obligations, corporate and municipal bonds, etc.) transactions for client accounts.

Please Note: Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis **must be willing to accept** that the Registrant cannot effect any account transactions without obtaining prior verbal, electronic or written consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) **without first obtaining the client's verbal, electronic or written consent.**

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*. Any client who has not received a copy of Registrant's written Brochure at least 48 hours prior to executing the *Investment Advisory Agreement* shall have five business days subsequent to executing the agreement to terminate the Registrant's services without penalty.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of January 1, 2011, the Registrant had \$34,215,984 in assets under management on a discretionary basis and \$123,149,454 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage the Registrant to provide combined non-discretionary investment advisory services and financial planning and related consulting services on a *fee-only* basis.

INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide combined non-discretionary investment advisory services and financial planning and related consulting services on a *fee-only* basis, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management (between 0.40% and 1.00%) as follows:

<u>ASSETS UNDER MANAGEMENT</u>	<u>ANNUAL FEE</u>
Initial \$1 Million	1.00%
\$1,000,001 to \$5,000,000	0.50%
\$5,000,001 and over	0.40%

INTERNET INVESTMENT PROGRAM

If a client determines to engage the Registrant to provide investment advisory services pursuant to Registrant's internet investment program, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management as follows:

<u>Assets Under Management</u>	<u>Annual fee (Active)</u>	<u>Annual fee (Passive)</u>
Less than \$100,000	\$1,000	\$800
Up to \$500,000	1.00%	0.80%
Next \$500,000	0.50%	0.35%
Over \$1,000,000	0.40%	0.25%

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients monthly in arrears, based upon the market value of the assets on the last business day of the previous month.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

- D. Registrant's annual investment advisory fee shall be prorated and paid monthly, in arrears, based upon the market value of the assets on the last business day of the previous month. The Registrant generally requires a \$750,000 minimum asset level for investment advisory services. The Registrant, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.). However, all accounts for which Registrant has waived its minimum asset level shall be subject to a minimum monthly fee of \$625.00.

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall debit the account for the pro-rated portion of the unpaid advisory fee based upon the number of days that services were provided during the billing month.

- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals. The Registrant generally requires a \$750,000 minimum asset level for investment advisory services. The Registrant, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.). However, all accounts for which Registrant has waived its minimum asset level shall be subject to a minimum monthly fee of \$625.00.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant may utilize the following methods of security analysis:
- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - Technical - (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)

- Short Term Purchases (securities sold within a year)
- Margin Transactions (use of borrowed assets to purchase financial instruments)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, the Registrant may also implement and/or recommend use of margin, a strategy that has a high level of inherent risk. (*See* discussion below).

Margin is an investment strategy with a high level of inherent risk. A margin transaction occurs when an investor uses borrowed assets to purchase financial instruments. The investor generally obtains the borrowed assets by using other securities as collateral for the borrowed sum. The effect of purchasing a security using margin is to magnify any gains or losses sustained by the purchase of the financial instruments on margin. **Please Note:** To the extent that a client authorizes the use of margin, and margin is thereafter employed by the Registrant in the management of the client's investment portfolio, the market value of the client's account and corresponding fee payable by the client to the Registrant may be increased. As a result, in addition to understanding and assuming the additional principal risks associated with the use of margin, clients authorizing margin are advised of the potential *conflict of interest* whereby the client's decision to employ margin *may* correspondingly increase the management fee payable to the Registrant. **Accordingly, the decision as to whether to employ margin is left totally to the discretion of client.**

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds and/or exchange traded funds, on a non-discretionary basis, and *Independent Manager(s)* in accordance with the client's designated investment objective(s). (*See Independent Managers above*).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. The Registrant does not have any relationship or arrangement that is material to its advisory business or to its clients with any related person.
- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.
- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit

upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11.C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer’s services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates

for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab* and/or *Envestnet* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *Envestnet* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* and/or *Envestnet* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Karen S. Ramsey, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.

The Registrant's Chief Compliance Officer, Karen S. Ramsey, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian for the client accounts. Those clients to whom Registrant provides investment management services will have access to a quarterly report from the Registrant's website, if applicable, summarizing account status and performance. Although clients of Registrant's Internet Investment Program will not have access to quarterly reports, they will have access to performance reports from the Registrant's website.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant may receive an indirect economic benefit from *Schwab* and/or *Envestnet*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab* and/or *Envestnet*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *Envestnet* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* and/or *Envestnet* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Karen S. Ramsey, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. The Registrant does not compensate, directly or indirectly, any person, other than its representatives, for client referrals.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a monthly or quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

With the exception of the Internet Investment Program, clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.). For those clients that engage the Registrant to provide investment advisory services as part of the Internet Investment Program, clients **cannot** place any restrictions on the Registrant's discretionary authority.

- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.
